Student Energy in Action for Regina Community Health

ADVANCED CONSTRUCTION TECHNOLOGY

MEDIA RELEASE

SEARCH Backyard Studio Raffle Fundraiser

For immediate release:

February 20, 2019

What: SEARCH Backyard Studio Raffle Fundraiser

Where: Regina Spring Home Show, International Trade Centre – EVRAZ Place

When: Thursday, March 28 – Sunday, March 31, 2019

Who: Student Energy in Action for Regina Community Health, Inc. (SEARCH) & Campus Regina Public – Advanced Construction Technology Course

Why: For the second year, high school students from Campus Regina Public – Advanced Construction Technology Course are building a backyard studio and pergola to donate to a local charity in order to raise funds to support after-hours health services for families in North Central Regina. By doing this, students are learning employability and carpentry skills to ready themselves for post-secondary training and the work force. The Advanced Construction Technology course has a focus on contributing to the community as part of course content. This project wouldn't be possible without the support of Fries Tallman Lumber, who is donating all

necessary materials, and Robinson Residential, who conceptualized and developed the construction plans. Both Fries Tallman and Robinson Residential are partnered with Campus Regina Public on this project, and several other initiatives and programs.

The SEARCH organization has two main objectives; to educate and empower both our clients and our post-secondary student volunteers so that they can better serve the community as future health care professionals. “The continuation of this project in 2019 means the world to SEARCH

as the beneficiary of the charitable auction,” said SEARCH Executive Director, Emily Barber. “SEARCH, Campus Regina Public, and our corporate sponsors are setting an example of inter-sector relationship building for the betterment of our shared Regina community.”

SEARCH is a charitable, student-run, interdisciplinary primary health clinic in the North Central community of Regina. Each week at SEARCH, post-secondary student volunteers have the opportunity to work alongside professional mentors to provide clinical services and social programming to community residents. SEARCH provides an informal, welcoming environment for clients to seek medical treatment, enjoy a healthy meal, receive free childcare, and participate in cultural and educational programming. SEARCH also offers a variety of health-related social programming for all ages that aims to empower individuals to lead healthy lives.

Tickets are now on sale for the **SEARCH Backyard Studio Raffle Fundraiser** and will be available until March 31, 2019 by contacting SEARCH. Tickets will also be available with the structure on display at the Regina Spring Home Show from Thursday, March 28 – Sunday, March 31, 2019 thanks to the support of the Regina & Region Home Builders' Association.

Draw Date: Monday, April 1, 2019 at 2:00 PM
Campus Regina Public, 1069 14th Ave E
Regina, SK
